Primary Examiner

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Robert Kapalka on April 8, 2004.

The application has been amended as follows:

Claims 1-3, 9-12, 16, 20, 27 and 35 have been canceled.

Claim 13, line 1, -- one-piece -- has been inserted before "power"; line 4, -- that are opposed to each other -- has been inserted after "beams".

-- one-piece -- has been inserted before "power" on line 1 of claims 14, 15, 17-19, 21-26, 28, 30-34 and 36-39.

Claim 15, line 2, "aligned" has been deleted.

Claim 25, line 7, -- that are opposed to each other -- has been inserted after "beams".

Claim 28 now depends from claim 25; lines 1-2, "first and second beam pair members" has been changed to -- two beams --; line 2, "aligned" has been deleted.

Claim 33, line 4, -- that are opposed to each other -- has been inserted after "beams".

The following is an examiner's statement of reasons for allowance: none of the prior art of record discloses or teaches a one-piece power connector having beams

pairs each comprising two beams that are opposed to each other, at least one of the beam pairs being an initial contact beam pair and at least one of the beam pairs being a non-initial contact beam pair, in combination with the rest of the subject matter of the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
